

TECHNICAL BULLETIN

Effective Date: Immediately

Thiopurine Methyltransferase (TPMT) Genotype Patient Consent Form Required

Orders for Thiopurine Methyltransferase (TPMP) Genotyping, a test for increased genetic risk of thiopurine toxicity, now require patient informed consent.

A copy of the Informed Consent Form is attached, and is also available at:

<http://nslilab.testcatalog.org/catalogs/83/files/8061>

Testing will be delayed if the executed consent form is not submitted to the laboratory with the sample.

If you have any questions, please contact Client Services at (516) 719-1100
